## 2010+ FORD RAPTOR 6.2L & 5.4L CATBACK EXHAUST SYSTEMS

### Introducing Stainless Works' 3-inch dual-exhaust system for the Ford Raptor:

Give your performance built Raptor a boost of horsepower and sound with Stainless Works' Catback Exhaust. With a one-of-a-kind sound, our dual muffler design and 3" mandrel-bent (no kinks) tubing improves power output for high horsepower excitement. Choose our straight through S-Tube mufflers for aggressive acceleration with a nice growl at idle, or pick Chambered Turbos for a more mellow idle, that opens up to a muscle car sound when you hit the gas. Use our Performance Connect exhaust to fit to SW headers for true-dual torque and HP gains.

- STAINLESS WORKS SYSTEM
  - // Mandrel Bent Tubing (No Kinks)
  - // Dual High-Flow Mufflers
  - // 304L Stainless Steel
  - // Lifetime Guarantee

- STOCK RAPTOR
  - // Pressure Bent Tubing
  - // Single Restrictive Muffler
  - // 409 Stainless Steels

- Ford's stock system is pressure bent, creating a number of kinks which varies in size from 2.5" to 3.5", restricting flow.

### FACTORY CONNECT EASILY FITS TO FACTORY CONNECTION POINT

3 INCH	PART #	PRICE
with dual with s-tube turbos	FTRPT10CBY	\$975

### PERFORMANCE CONNECT DESIGNED TO FIT CUSTOM SW HEADERS

3 INCH	PART #	PRICE
with dual chambered turbos	FTRPT10CB	\$890
with dual with s-tube turbos	FTRPT10CB-LMF	\$890

Harness the full power of your 3-inch pipes: Performance Connect maintains a 3-inch dia., and DOES NOT neck down to a smaller size.

All of our systems are made in the USA and backed by our lifetime guarantee on material and workmanship.

#### FEATURES

- Everlast 304L stainless steel construction
- Fully TIG-welded + CNC mandrel bends
- Dual turbo style mufflers, mirror-polished tips, and all hangers/clamps for easy installation
- Lifetime guarantee on material and workmanship

Our exhausts easily install to a factory connection point or custom SW headers

Our durable, 3.5" polished tips are made from Everlast 304L stainless steel

Connect to factory Y-pipe or gain true-dual exhaust performance by connecting to SW headers.

### SEE & HEAR

Discover the Stainless Works Difference. Our systems are engineered and tested for optimized performance and sound.

#### Exterior Sound Levels from 10 feet:

**Stock System:** 57db @ idle / 76db @ 3500rpm

**Performance Connect (Chambered Turbos):** 71db @ idle / 86db @ 3500rpm

Performance Exhaust Products

**HARNESS PEAK GAINS OF 31 HP AND 36 LB-FT OF TORQUE**

Our custom headers are fully TIG-welded and available with a variety of features and options to fit your needs

## 2010+ FORD RAPTOR 6.2L PERFORMANCE HEADERS

**Unmatched quality and performance:** Gain power on-demand with our 1-7/8" long tube header design for the 6.2L SuperCab or SuperCrew Ford Raptor. Our USA made custom built headers improve your motors efficiency with huge gains in throttle response, torque and horsepower. The 3" collector houses our integrated merge spike which promotes scavenging and a smooth balance in exhaust pulses. Choose between our high-flow 200-cell converters or the restriction-free performance of our converter delete (off-road) leads. Use our Performance Connect system, complete with X-pipe to connect with our True-Dual exhaust for additional torque and HP gains.

### FACTORY CONNECT EASILY FITS TO FACTORY CONNECTION POINT

SUPERCAB	PART #	PRICE
1-7/8" with 3" catted leads	FTRPT10HCATY	\$1,490
1-7/8" with 3" off-road leads	FTRPT10HORY	\$1,290

SUPERCREW	PART #	PRICE
1-7/8" with 3" catted leads	FTRPT11HCATYSC	\$1,590
1-7/8" with 3" off-road leads	FTRPT11HORYS	\$1,390

### PERFORMANCE CONNECT DESIGNED TO FIT CUSTOM SW CATBACKS

SUPERCAB	PART #	PRICE
1-7/8" with 3" catted leads	FTRPT10HCAT	\$1,490
1-7/8" with 3" off-road leads	FTRPT10HOR	\$1,290

SUPERCREW	PART #	PRICE
1-7/8" with 3" catted leads	FTRPT11HCATSC	\$1,590
1-7/8" with 3" off-road leads	FTRPT11HORSC	\$1,390

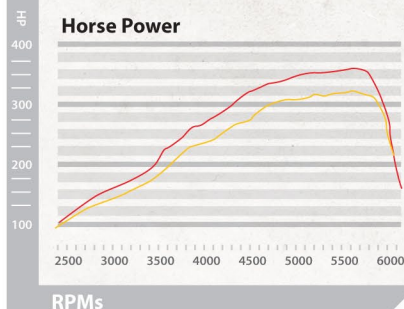

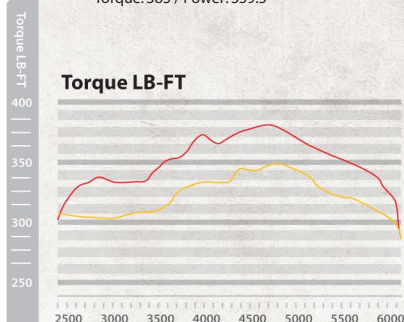

**Harness the full power of your 3-inch pipes:**  
Performance Connect maintains a 3-inch dia., and DOES NOT neck down to a smaller size.

### DYNO RESULTS

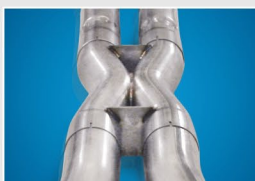

#### 2010+ Ford Raptor 6.2L

**Stock:** No modifications  
Torque: 348.3 / Power: 328.4

**Stainless Works:**  
True-Dual Headers & Exhaust  
Product # FTRPT10CAT + FTRPT10CB  
Torque: 385 / Power: 359.5

Our headers are fully TIG-welded and feature 3/4-inch flanges for maximum durability, and provide a leak-free seal that will not warp.

Performance Connect headers include our 3" X-pipe which increases performance through scavenging

### FEATURES

- Everlast 304L Stainless Steel Construction
- Fully TIG-Welded + CNC Mandrel Bends For Extreme Flow
- Extra Thick 3/8" Laser-Cut Flanges
- Install-Ready: Includes O2 Extensions, Clamps, Bolts And RTV Silicone For Easy Installation
- Lifetime Guarantee On Material And Workmanship

- **STAINLESS WORKS**
  - // Mandrel Bent Headers (No Kinks)
  - // Heavy Duty Flanges
  - // High-Flow Cats
  - // 304L Stainless Steel
  - // Lifetime Guarantee

- **STOCK RAPTOR**
  - // Cast Restrictive Manifolds
  - // Pressure Bent Tubing
  - // Standard Catalytic Converters
  - // 409 Stainless Steel

**All of our systems are made in the USA**  
and backed by our lifetime guarantee on material and workmanship.
