

Stainless Works New Product Announcement

Stainless Works introduces our new lifetime guaranteed 304 SS CNC mandrel bent 2.5" dual retro style chambered exhaust for your new **2011 Mustang 3.7L V6**. The 304 SS exhaust system fits the factory connection point behind the x-pipe and provides a great sound for your pony car. Each system comes with four 3" dia. chambered muffler sections and dual mirror polished 4" dia. 304 SS slash cut double wall conical tips. All hangers and clamps are included for a simple bolt-on installation.
